

Sinclair Broadcasting's order of its stations to pre-empt regular broadcasting to show an anti-Kerry film is unfair, should be illegal and be met with stiff resistance from the FCC and FEC. Instead, it unfortunately highlights how passive and feckless both your bureaucracies have become. This taxpayer, for one, would much rather you spent at least as much energy on defending democracy and doing your jobs as you did in working out your snit over Janet Jackson's breast.
